2nd Conference

**of the Central-Eastern European Committee
for Life Disability and Health Assurance Medicine**

good health – better life

29 September – 1 October 2005

Dubrovnik (Croatia)

Invitation

Dear Colleague,

It is our honor and pleasure to invite you to join us in Dubrovnik in September 2005 for the 2nd meeting of CEECLAM.

This young organization, founded under auspices of ICLAM has already held the first meeting in Warsaw three years ago. Now is high time for the 2nd meeting of CEECLAM.

During this meeting we will present both life and health topics and address some most important factors that influence the process of underwriting and acceptance of applications in life insurance.

We will address the most relevant questions for the daily practice in health insurance and discuss main issues important in assessing disability

Life and health insurance in central and east European countries were some of the most propulsive business lines in the past and it will surely continue to be so in the future.

Why Dubrovnik – because it is considered to be the most beautiful part of the Adriatic coast with its 13th century Old Town, rich vegetation, white pebble beaches and the crystal clean sea. *While staying in Dubrovnik in 1929, George Bernard Shaw said: "If you want to see heaven on earth, come to Dubrovnik".*

We hope you will enjoy meeting colleagues from various countries such as Poland, Hungary, Bulgaria, Romania, Croatia, Germany, Austria etc.

We look forward to welcoming you in Dubrovnik,

Dr. Krzysztof Grzyliński
President of CEECLAM

Dr. Dario Lovrić
President elect of CEECLAM
